

Rocky Point Firewise Connection
Klamath County Title III Grant/Fuels Reduction
Phase II. Moderate Properties
April 2025 -June 2026
Application

Property Owner: _____

Mailing Address: _____

Property ID: _____ Map: _____ Block: _____ Lot: _____

Phone: _____ Email: _____

This phase of the defensible space project will focus on wildfire mitigation on the first 200 feet from a dwelling on Moderate Properties using the Wildfire Hazard Value as listed on the Oregon Statewide Wildfire Hazard Map ("the Map"). Within the Moderate rating category on the Map, there is a secondary number showing the percentage of homes that are higher risk. **Because there may not be sufficient funds to complete wildfire mitigation on all properties in Moderate risk areas, this secondary number may be used to prioritize Moderate properties for treatment.**

Your property may qualify for fuels reduction at no cost to you for one of the following:

_____Property with a dwelling and a fire rating of Moderate

_____Vacant Land that is within 200' of a neighboring dwelling

You will find an attached Information Sheet more fully explaining the guidelines of the grant.

We look forward to reviewing this grant opportunity with you.

End Date to for grant consideration June 30, 2025.
